

Asante sama

To Van Nieustraat Trust (VNT) August 2020.

My name is Mary Wairimu a teacher at Mutuini Hope centre. I would like to take this chance to appreciate you the VNT for the nice gesture you showed us of supporting in the payment of staff salaries for the last three months.

Personally, the salary has been of great help in day to day activities especially during this pandemic as I have been the soul provider in my family of four. From the day coronavirus emerged, Private school teachers have seriously suffered since they all relied on salaries from the schools. My husband being a private school teacher, he too is a victim of this since his salary has been washed and so my salary is all we look upto in terms of house rent, food and health care.

Moreover, Mutuini Hope centre staff have been the luckiest for we have been receiving our salaries in the last three months full and on time. On behalf of the staff a big thank you to you and may God bless you abundantly.

Finally, and if this finds favour with you, It would be my wish and humble request that you consider extending the gesture up to end of the year. This will enable us support our families before normalcy returns, hopefully. Either way, we are truly grateful to you for considering Mutuini Hope centre in your generosity. May God bless and expand you. Thank you.

Yours sincerely
Mary Wairimu
